CARE INSTRUCTIONS

Store your hex wrench and copy of instructions in a safe place for easy disassembly & reassembly.

If you misplace your hex wrench, use a 5/32 Allen wrench or a T25 Torx wrench (star type) from the hardware store to build.

For best cleaning results, please consult a professional upholstery cleaner.

This Eloquence® piece has been thoughtfully designed in Los Angeles and is inspired by an authentic European antique. Every design is carefully hand-carved and hand-painted, composed start to finish by artisans devoted to their craft. We hope you enjoy your Eloquence® piece for years to come.
