SCANDINAVIAN DINING BERGERE

Natural Linen Slipcover Instructions & Care

ASSEMBLY TIPS & INSTRUCTIONS

1. In a clean and cleared area unwrap the slipcover.
2. Place the frame slipcover on, make sure to attach the slipcover using the Velcro strips. You may need to adjust the slipcover so that it fits the frame well and lays smoothly against the chair frame. By lining up the slipcover seams on the corners and edge of frame, this will reduce the appearance of wrinkles. Using a tucking motion between the arm and back of chair, apply pressure to the Velcro and moving your way down the arm toward the seat.
3. Using the same method, tuck where seat and back meet and continue the motion moving forward from back to front of chair.
4. Slipcover might have developed mirror wrinkles on the surface due to the wrapping/carton/transit. These marks are completely natural and will diminish in the first month of normal use. If you would like to achieve a more tailored look steaming is suggested. Use upholstery attachment for steamer or place t-shirt material between steamer and fabric to avoid damaging fabric or creating water spots.

CARE INSTRUCTIONS

Lightly dust and vacuum.

100% Natural Linen Slipcover is hand washable. Using Mild Detergent and cold water with similar color, lay flat to dry. Do not bleach. Do not use harsh or abrasive chemicals as this may damage the fabric.
